This document logs all fly tipping incidents brought to the attention of Cardinham Parish Council via the monthly meeting or by emailing The Clerk

DATE RAISED	MINUTE REF	SUMMARY OF ISSUE	INCIDENT RAISED BY	AGENCY ADVISED	AGENCY REF	PREVIOUS UPDATES	LATEST UPDATE	STATUS - OPEN/CLOSED
16th June	24th June	Reported 4 instances of fly tipping I'm wanting to report recurring instances of fly tipping in Cardinham Parish, all of which have now been cleared. Please advise if this is the correct method of reporting such instances	Cllr Farley and The Clerk	Reported via Cornwall council website	CC00204623	23/06 – originally reported to Cormac (advised to report via council website) and Chris Batters	24/6 – response that this ref has been closed as they are unable to locate. Sent a response via their website requesting an update that these instances have been logged and everything is being done to trace offenders – they have 5 days to provide an update	Closed
25th June		Further update on the above			25I5H5P9		**25/6 - email from Cornwall Council (no reply email address) Thanks you very much for contacting Customer Services. Please report fly tipping incidents directly to Biffa**	Closed
10th July		Lack of clarity from Cornwall Council on whether a log for flying tipping is kept	The Clerk			10/-7 - I appear to have hit a brick wall in terms of establishing if Cornwall Council maintain a data base of instances of fly tipping to enable them to identify patterns so they can monitor and gather evidence to enable prosecution of offenders. Are you aware of such a department within the council and contact details? i.e. not the fly tipping link on Cornwall Council website or Biffa - as these contacts only deal with live incidents		Open

26th July	n/a	This is about a small van load of asbestos what 3 words from.unzipped.booklet which is on the road toward Pinsla Nursery	Cllr Tyers	Reported via Cornwall council website	CC00217113 CC00217613 CC00228920	18/08 - Following discussions at CPC meeting, issue has been raised again with Cornwall Council new ref : CC00228920 20/08 - email received advising the following - I have received your fly tipping report. The removal requires a specialist team who should be able to attend in the next 7 days Kim Tyler-Woods | Environmental Crime Officer 04/09 - Further update from Kim I have spoken to Biffa and unfortunately the asbestos removal company have told them they are not available until the 1st of October. They are chasing them and looking at other providers.	18/09 - Advised by Cornwall Council Waste Management that all items had been removed	Closed
